In re Application of	:	WILLIAMSON ET AL
Application No.	:	09/306,448
Filed	:	05/06/99
Attorney Docket No.	:	

The instant application contains a power of attorney to Terry M. Gerstein who has been suspended from practice before the Patent and Trademark Office (for three months). The Office does not communicate with attorneys or agents who have been suspended or excluded from practice. Accordingly, the Office action is being mailed to the address of the inventor first named in the application.

Applicants may, of course, file a new power in the application to have a registered attorney or agent represent them before the Office. In the absence of an attorney or agent of record, all amendments and other papers filed in the application must be signed: (1) by all named applicants unless one named applicant has been given a power of attorney to sign on behalf of the remaining applicants, and the power of attorney is of record in the application; or (2) if there is an assignee of record of an undivided part interest, by all named applicants retaining an interest and such assignee; or (3) if there is an assignee of the entire interest, by such assignee; or (4) by a registered patent attorney or agent not of record who acts in a representative capacity under the provisions of 37 CFR 1.34(a). The Office will not hold telephone interviews with or send communications to a registered patent attorney or agent, acting in a representative capacity under 37 CFR 1.34, i.e., who is not of record in the application.

Applicants may obtain a list of registered patent attorneys and agents located in their area by writing to the Commissioner of Patents and Trademarks, Box OED, Washington, DC 20231, or by calling the Office of Enrollment and Discipline at (703) 306-4097.

Telephone inquiries concerning this matter may be directed to Merilyn S. Watts (703) 308-1730.
